PEACE OF MIND VIDEOS

As part of our services working with Phoenix Counseling, we are blessed to receive videos for educators and parents. Here is a link and a summary of the parent video that is available.

October Video: When diagnosis isn't enough: How to intervene at home with commonly diagnosed academic or mental and behavioral health issues. This session will guide parents through actionable steps to address academic challenges and mental health concerns at home. Gain insights into effective interventions for conditions like ADHD, anxiety, and learning disabilities, and learn how to create a supportive environment that helps your child excel. [LINK HERE](#)

November Video: Discipline and the Brain: Using what we know about the brain to help our children learn discipline. This session is designed for parents who want to understand the neurological underpinnings of discipline and how it affects their child's behavior. We will explore how brain development influences self-control, decision-making, and emotional regulation, offering practical strategies to guide children toward positive behavior in a supportive and constructive way. Learn how to apply brain-based techniques at home to foster discipline that promotes long-term growth and resilience. [SIGN UP HERE](#)
