## **GIVE TO THE MAX**

As we continue to work on our goals to increase academic rigor, our teachers will begin training on the STEM certification in a few weeks. The team will be putting in about 70 hours of training between now and July 31st. To help with our efforts and to cover costs of the program and new materials for our STEAM lab, we are participating with the parish in a Give to the Max event. If you are interested in making a tax deductible donation for this program, please go to the parish website or [click this link to access the giving page](#). Thank you for your support and consideration of this giving request.

## **STUDENTS IN UNIFORM**

This weekend, if your children attend the Saturday evening or either of the Sunday morning Masses and wear their uniforms for Mass, have them find me after Mass in the Narthex and I will give them a special out of uniform pass. I look forward to seeing your children representing the school at Mass. -Mrs. Vance
